SMALL DUAL-PROBE STYLE HANDPIECE

We offer the widest selection of resistance soldering handpieces in the world. Our hand pieces are designed and built to provide absolute performance in even the toughest environments. By generating heat instantaneously and right at the point of contact, you are able to easily handle the historically difficult soldering jobs. The light weight phenolic handles are designed with heat radiating baffle-fins to provide a cool and comfortable, sure grip. *Our Small Fork Style (Dual-Probe) Handpiece is robust and reliable. Designed for medium-duty applications. Comes with carbon electrodes. Does not come with cords, required for use (see Accessories section).*
